DETAILED ACTION

Response to Amendment

1. In response to the amendment received September 26, 2007:
 - a. Claims 1-4 and 6-16 are pending. Claims 2-4, 6, 8 and 11 have been withdrawn from consideration as to a non-elected invention.
 - b. The prior art rejections of record have been overcome in light of the amendment;
 - c. The obviousness-type double patenting rejection has been withdrawn since this application, which is the earlier-filed application, is currently ready to issue.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

- a. Claims 2-4, 6, 8 and 11 have been cancelled.

As set forth in the previous office action, the election was held to be an election without traverse. Under these circumstances, when the application is otherwise ready for issue, the claims to the nonelected invention, including nonelected species, may be canceled by an examiner's amendment, and the application passed to issue. See MPEP § 821.02.

Allowable Subject Matter

3. Claims 1, 7, 9, 10 and 12-16 are allowed.
4. The following is an examiner's statement of reasons for allowance: none of the prior art of record are held to reasonably teach, suggest or render obvious the invention of claims 1, 7, 9, 10 and 12-16.

In particular the prior art of record does not appear to reasonably teach or suggest the claimed sulfonic acid sol obtained through oxidization of a solution that contains an organosilicon compound of the following formula (IV) wherein A3 represented the formula (XIII), and an organosilicon compound of the following formula (VI) and/or (VII).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
